S: CURAHEEN TYSON ET R

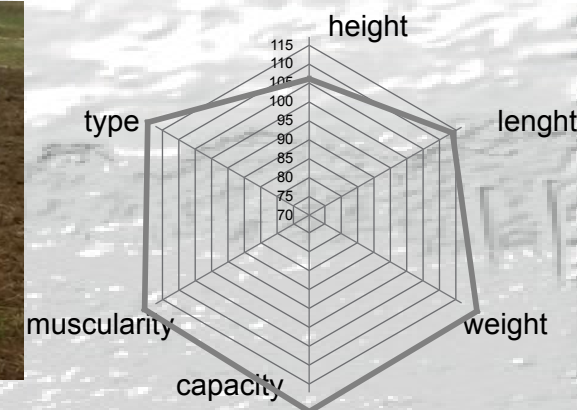

GS: HILLCREST CHAMPION

M: NORMA VODNANSKA P

MGS: JIRIK VODNANSKY P

Zentrum is the son of the famous bull Curaheen Tyson. One of the best cow for milking from the farm of Mr. Kolář was inseminated by Curaheen Tyson and the result is a bull Zentrum with a high breeding value for direct growth and for milking. He was evaluated 85 points for exterior. Zentrum is used as an internationally father of bulls and he has got an excellent results especially in Denmark. Zentrum has a medium frame and we recomend to use him for cows with bigger frame. His progeny is very uniform with outstanding growth and above-average muscularity.
