S: MOLDAU ERASMUS PP

GS: MOLDAU CLINTON P

M: LANGMOSE DEBBIE P

MGS: LYKKE ATLANTIS P

Hannibal is homozygous polled fair bull, son of danish insemination bull Moldau Erasmus PP, his mother is the daughter of Lykke Atlantis. There is an excellent combination of milking and growth abilities. Hannibal is a bull with big frame and his progeny has extreme growth and frame, big and long animals with wide pelvis and average muscularity. His daughter are average in milking. Hannibal is a suitable for heifers and we recommend using him for improving the frame and type.
